

May 29, 2020

Dear Governor Ducey, President Fann and Speaker Bowers:

We, the undersigned are Republicans, Democrats, and Independents. We represent a wide variety of political views. We came together as volunteers in support of the Voters' Right to Know initiative also known as Outlaw Dirty Money (ODM). We believe that increased transparency will help restore confidence in our political system. We are over 1,200 Arizona voters and many more would have signed this letter, but we wanted to get it to you as soon as possible.

We began circulating ODM petitions in March 2019. Since then, over 275,000 Arizona voters have signed it. Along with hundreds of other volunteers, we have dedicated thousands of hours to collecting petition signatures to get various initiatives before the voters, a right guaranteed by the Arizona Constitution.

To do our part to help minimize the spread of COVID-19 in Arizona, following State orders and our obligations to keep our community safe, we paused all person-to-person petition signing on March 17th. At that time, the Outlaw Dirty Money campaign was on track to qualify for the ballot. Now, two months later, it will be virtually impossible, given the time we have lost to gather the signatures needed to qualify for the ballot this year.

We remain concerned that it is not possible to follow the continued health care guidance to social distance and state law that requires a circulator to personally observe the act of signing a petition and mount a successful petition effort. Without widespread personal contacts, we cannot reach the numbers of signatures needed in the time available.

Whatever your views for or against the various petitions in circulation prior to the health crisis, we are sure you agree that Arizona voters should not have to choose between their constitutional rights and the public health, especially when there is a viable way to protect both.

In recognition of this unprecedented health emergency, we ask that you make a one-time exemption to allow valid initiative signatures gathered prior to the end of the Stay at Home order (May 15th) to count towards the 2022 ballot.

PAID FOR BY OUTLAW DIRTY MONEY. NOT AUTHORIZED BY ANY CANDIDATE.

Allowing initiative petition signatures to be valid through 2022 will allow signature gathering to remain on hold as our state returns to normal. Providing this one-time exception will help protect Arizona voters and petition circulators. A one-time exemption is an eminently fair and workable response to the crisis, one that does not permanently change our election system.

We appreciate your thoughtful consideration of our request as you lead our state through a challenging time.

Sincerely,

Carol Engler
